INDEPENDENT AUDITORS' REPORT

The Board of Supervisors
Saratoga County Maplewood Manor:

We have audited the accompanying balance sheet of Saratoga County Maplewood Manor (the Manor), an enterprise fund of the County of Saratoga, as of December 31, 2009 and the related statements of revenue, expenses and changes in fund net assets and cash flows for the year then ended. These financial statements are the responsibility of the Manor's management. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statements of the Saratoga County Maplewood Manor as of December 31, 2008, were audited by other auditors whose report dated May 22, 2009 expressed an unqualified opinion on those statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Saratoga County Maplewood Manor as of December 31, 2009, and the results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Management's discussion and analysis on pages 3 through 7 is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. This information is the responsibility of the Manor's management. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying information included in Schedules 1 through 3 is presented for the purpose of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

(An Enterprise Fund of the County of Saratoga)
Management's Discussion and Analysis
December 31, 2009 and 2008

INTRODUCTION

Our discussion and analysis of the Saratoga County Maplewood Manor (the Manor) financial performance provides an overview of its financial activities for the year ended December 31, 2009 compared to the year ended December 31, 2008 in compliance with the Statement of Governmental Accounting Standard No. 34 (GASB 34) - "Basic Financial Statements - Management's Discussion and Analysis - for State and Local Governments" and related standards. Please read it in conjunction with the Manor's financial statements, which begin on page 8.

The Manor is operated as an enterprise fund of the County of Saratoga, New York (the County). The Manor is a 277-bed, skilled nursing facility located in Ballston Spa, New York which provides rehabilitation services and skilled nursing care. The Manor's mission includes caring for those Saratoga County residents who are having difficulty being admitted to other nursing homes due to financial or medical needs. The Manor was created in 1980 with a contribution of \$2,092,080 in net assets from the general fund of the County. The County has proprietary interest in all assets and the responsibility for all obligations of the Manor. The Manor is subject to the rules and regulations of the New York State Department of Health (NYSDOH).

FINANCIAL HIGHLIGHTS

Following are the financial highlights of the Manor for the years ended December 31, 2009 and 2008.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Manor's financial statements. The Manor's financial statements are comprised of two components: (1) financial statements and (2) notes to the financial statements.

Financial Statements

The balance sheets present information on all of the Manor's assets and liabilities, with the difference between the two reported as fund net assets. Over time, increases or decreases in fund net assets may serve as useful indicators of whether the financial position of the Manor is improving or deteriorating. A summary of the Manor's balance sheets at December 31, 2009 and 2008 is as follows:

SARATOGA COUNTY MAPLEWOOD MANOR HEALTH CARE FACILITY

(An Enterprise Fund of the County of Saratoga)
Management's Discussion and Analysis, Continued

FINANCIAL ANALYSIS

Fund Net Assets

Fund net assets of the Manor decreased from approximately a deficit of \$1.2 million at December 31, 2008 to a deficit of \$6.1 million at December 31, 2009, due to total expenses of \$29.2 million exceeding total operating and nonoperating revenue of \$24.3 million.

Operating Revenue

Overall operating revenue consisting of net resident service and other revenue increased approximately \$0.3 million from \$19.2 million in 2008 to \$19.5 million in 2009.

Resident Service Revenue

Resident service revenue is primarily driven by patient days and the rate charged for each day, which varies based on the third party payor (i.e., private pay, Medicare, Medicaid). For the year ended December 31, 2009, resident service revenue increased to approximately \$19.1 million from \$18.3 million at December 31, 2008. Medicare days were 3,811 in 2008 and 3,838 in 2009. Private pay days were 12,670 in 2008 and 10,592 in 2009. Insurance days were 1,723 in 2008 and 1,684 in 2009. Medicaid and hospice days, which are reimbursed at the lowest rate, were 82,210 in 2008 and 83,155 in 2009. In 2008, total patient days of 100,414 represented a 99.3% occupancy level. In 2009, total patient days of 99,269 represented a 98.2% occupancy level.

Medicare rates, which are determined, based upon the level of care provided to a resident, averaged \$267 per day in 2008 and 2009. Medicaid rates, which are revised at least quarterly, averaged \$151 during 2008 and \$167 during 2009. The private pay average rate increased from \$235 per day in 2008 to \$245 per day in 2009.

Admissions increased to 172 admissions in 2009 as compared to 163 admissions in 2008. The number of discharges increased to 169 discharges in 2009 as compared to 164 discharges in 2008.

Other Revenue

Other revenue decreased approximately \$460 thousand from approximately \$930 thousand in 2008 to \$470 thousand in 2009. The decrease was the result of a decrease in grants of approximately \$450 thousand.

SARATOGA COUNTY MAPLEWOOD MANOR
(An Enterprise Fund of the County of Saratoga)
Management's Discussion and Analysis, Continued

Nonoperating Revenue

Nonoperating revenue decreased by approximately \$4.7 million from \$9.5 million in 2008 to \$4.8 million in 2009. The decrease was the result of an Inter-Governmental Transfer of approximately \$10.1 million in 2008 compared to a \$0.9 million in 2009. Additionally, in 2008, there was a recoupment from the Office of Medicaid Inspector General (OMIG) of approximately \$1.6 million. Furthermore, the subsidy received from Saratoga County increased from approximately \$0.9 million in 2008 to \$3.8 million in 2009.

Expenses

Overall expenses increased approximately \$0.7 million in 2009. Total expenses for 2009 were \$29.2 million as compared to \$28.5 million in 2008.

Personnel

Salaries and fringe benefits represent approximately 85% in 2009 and 83% in 2008 of the Manor's operating expenses.

For the year ended December 31, 2009 salaries and fringe benefit expense increased approximately \$1.2 million from \$23.6 million in 2008 \$24.8 million in 2009.

Non-Personnel

Fees, supplies, services and other direct expenses represent approximately 15% in 2009 and 17% in 2008 of the Manor's total operating expenses.

For the year ended December 31, 2009 fees, supplies, services and other direct expenses decreased approximately \$0.5 million from \$4.9 million in 2008 to \$4.4 million in 2009.

Capital Assets

As of December 31, 2009 and 2008, the Manor had a net investment in capital assets of approximately \$3.2 million and \$3.3 million, respectively, representing a decrease of \$0.1 million from December 31, 2008 to 2009. The decrease was due to depreciation expense exceeding the various capital expenditures for improvements during 2009.

SARATOGA COUNTY MAPLEWOOD MANOR
(An Enterprise Fund of the County of Saratoga)
Management's Discussion and Analysis, Continued

ECONOMIC FACTORS AND SIGNIFICANT EVENTS

After years of debate and discussion, state lawmakers enacted comprehensive Medicaid reimbursement reform in the 2006-2007 state budget which recognized the desperate financial condition of the nursing home system of care by updating the 1983 base year to 2002 and incorporating a number of features aimed at providing stability, assuring patient access, advancing quality and reflecting today's care needs. This new system became effective on January 1, 2009; however, there is now a delay in implementation.

The Manor receives a significant portion (75.6% in 2009 and 74.5% in 2008) of its revenue through the State funded Medicaid program and changes in the annual State budget can significantly impact the operating results of the Facility.

The CSEA bargaining unit contract expired on December 31, 2009. The new contract is still under negotiation.

The Manor has historically relied upon appropriations from the County of Saratoga for operating support. Management will continue to monitor and reduce all controllable expenses as appropriate.

REQUEST FOR INFORMATION

Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Ms. Diane Brown, Administrator, or Ms. Sandy Fisher, Accountant, Saratoga County Maplewood Manor (518) 885-2288.

SARATOGA COUNTY MAPLEWOOD MANOR
(An Enterprise Fund of the County of Saratoga)

Notes to Financial Statements

December 31, 2009 and 2008

(1) Nature of Organization

Saratoga County Maplewood Manor (the Manor) is operated as an enterprise fund of the County of Saratoga, New York (the County). The Manor is a 277-bed, skilled nursing facility located in Ballston Spa, New York which provides rehabilitation services and skilled nursing care. The Manor's mission includes caring for those Saratoga County residents who are having difficulty being admitted to other nursing homes due to financial or medical needs. The Manor was established in 1980 with a contribution of \$2,092,080 in net assets from the general fund of the County. The County has proprietary interest in all assets and the responsibility for all obligations of the Manor. The Manor is subject to the rules and regulations of the New York State Department of Health (NYSDOH) and the Centers for Medicaid and Medicare Services (CMS).

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

As an enterprise fund, the Manor uses the accrual basis of accounting. Revenues are recognized in the period in which they are earned and expenses are recognized in the period in which they are incurred. The Manor applies all applicable Governmental Auditing Standards Board (GASB) pronouncements as well as the following pronouncements issued on or before November 30, 1989, unless those pronouncements conflict or contradict GASB pronouncements: Statements and Interpretations of the Financial Accounting Standards Board, Accounting Principles Board Opinions, Accounting Research Bulletins and the AICPA Audit and Accounting Guide "Health Care Organizations."

(b) Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those assumptions and estimates.

(c) Cash and Equivalents

For purposes of the statements of cash flows, the Manor considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

Cash and cash equivalents recorded by the Manor are combined with cash and equivalents of the County. The County's investment policies are governed by New York State statutes. Also, the County has its own investment policy. All County funds must be deposited in Federal Deposit Insurance Corporation (FDIC) insured commercial banks and certificates of deposit. New York State statutes require the County to collateralize its cash deposits in excess of the FDIC requirements limit. This collateral is to be in the form of state and local government securities held in trust for and pledged to secure the County's deposits. The County has reported that its deposits were adequately collateralized at December 31, 2009 and 2008.

SARATOGA COUNTY MAPLEWOOD MANOR
(An Enterprise Fund of the County of Saratoga)
Notes to Financial Statements, Continued

(2) Summary of Significant Accounting Policies, Continued

(d) Receivables and Bad Debt

The Manor uses the allowance method for uncollectible accounts. Charges to this account are made on a case-by-case basis. Increases or decreases to the allowance are charged to bad debt expense. At December 31, 2009 and 2008, bad debt expense amounted to \$98,643 and \$19,380, respectively. The allowance for doubtful accounts amounted to \$400,000 and \$350,000 at December 2009 and 2008, respectively.

(e) Inventories

Inventories of the Manor consists primary of food and housekeeping and medical supplies. Inventories are stated at cost on the first-in, first-out method.

(f) Capital Assets

Capital assets are recorded at cost. Depreciation is provided for in amounts sufficient to relate the cost of depreciable assets to operations over their estimated service lives (as recommended by the American Hospital Association) using the straight-line method. Improvements are capitalized, while expenditures for maintenance and repairs are charged to expense as incurred. Upon disposal of depreciable property, the appropriate property accounts are reduced by the related costs and accumulated depreciation. The resulting gains and losses are reflected as non-operating revenue and losses in the year of deposition.

(g) Long-Lived Assets

The Manor reviews its long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of the assets may not be recoverable. In determining whether there is an impairment of long-lived assets, the Manor compares the sum of the expected future net cash flows (undiscounted and without interest charge) to the carting amount of the assets. At December 31, 2009, no impairments in value have been recognized.

(h) Security Deposits

The Manor requires that all private pay residents provide security deposits as a condition of admission. A corresponding liability has been recorded to reflect the security deposits to be returned to the residents when they are discharged.

(i) Resident Funds Held in Trust

The Manor holds residents' funds in an individual interest bearing account. These funds consist of amounts deposited on behalf of the residents, which are to be used for their personal care.

SARATOGA COUNTY MAPLEWOOD MANOR
(An Enterprise Fund of the County of Saratoga)
Notes to Financial Statements, Continued

(2) Summary of Significant Accounting Policies, Continued

(j) Net Resident Service Revenue

The Manor has agreements with third party payors that provide for payments to the Manor at amounts different from its established rate. Resident service revenues are reported at the estimated net realizable amounts from residents, third-party payors and others for service rendered including estimated retroactive adjustments under reimbursement agreements with third party payors. Revenue under third-party payor agreements is subject to audit and retroactive adjustments. Provisions for estimated third-party payor settlements are provided in the period the related services are rendered. Differences between the estimated amounts accrued and final settlements are reported in operations in the year of settlement.

(k) Cost Reports

The cost reports filed pursuant to the Medicare program are filed for years through December 31, 2009 and finalized by the Medicare intermediary through 2008. A provision for estimated settlements has been recorded in the Manor's accounting records, where applicable. No material adjustments are anticipated from the final settlement of Medicare cost reports.

Cost reports required pursuant to the Medicaid program are filed through December 31, 2009. The statute of limitations for the operating component of the Manor's rate expired for the current 1983 base year rate, discharging the Manor from audit by the New York State Office of the Medicaid Inspector General for base year cost included in the Manor's rate. The capital component of the Medicaid rate has been conducted for rate year through 1992, but has not been finalized. In the opinion of management, no material adjustments are expected to result from the final settlements related to the capital component of the rate for these periods.

The calculation of the Manor's Medicaid rate is subject to changes in trend factors and various State mandated rate enhancements effecting current and prior reimbursement rates of the Manor. A provision for estimated rate adjustments due to these factors has been established.

Pursuant to New York State Public Health Law, in 2009 the nursing home reimbursement methodology has begun the transition to a new payment system more closely resembling the Federal Prospective Payment System (PPS). Due to delays in the implementation of these changes retrospective to April 1, 2009, by New York State, the rates initially calculated by the State have not been paid to the Manor as of December 31, 2009. The impact of these adjustments, estimated to be \$1,691,461, are included in the revenue and receivables of the Manor and are subject to adjustment based on the final rates paid by New York State Medicaid.

SARATOGA COUNTY MAPLEWOOD MANOR
 (An Enterprise Fund of the County of Saratoga)
 Notes to Financial Statements, Continued

(2) Summary of Significant Accounting Policies, Continued

(l) Subsequent Events

The Manor has evaluated events after December 31, 2009, and through March 12, 2010, which is the date the financial statements were available to be issued, and determined that any events or transactions occurring during this period that would require recognition or disclosure are properly addressed in these financial statements.

(m) Recent Pronouncements

The Manor does not believe that the following recent Governmental Accounting Standards Board (GASB) pronouncements will have a material effect on its financial position, results of operations or cash flows:

- GASB Statement No. 51 - "Accounting and Financial Reporting for Intangible Assets."
- GASB Statement No. 53 - "Accounting and Financial Reporting for Derivative Instruments."
- GASB Statement No. 54 - "Fund Balance Reporting and Governmental Fund Type Definitions."
- GASB Statement No. 55 - "The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments."
- GASB Statement No. 56 - "Codification of Accounting and Financial Reporting Guidance Contained in the AICPA Statements on Auditing Standards."
- GASB Statement No. 57 - "OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans."
- GASB Statement No. 58 - "Accounting and Financial Reporting for Chapter 9 Bankruptcies."

(n) Reclassifications

Reclassifications have been made to certain 2008 balances in order to conform them to 2009 presentation.

(3) Resident Receivables

A summary of resident receivables at December 31, 2009 and 2008 are as follows:

	<u>2009</u>	<u>2008</u>
Medicaid	\$ 1,836,085	1,800,578

(5) Related Party Transactions

At December 31, 2009 and 2008, the Manor owed the County \$977,602 and \$1,886,655, respectively. These amounts represent the Manor's reimbursements for accounts payable, accrued expenses, payroll and related costs. During 2008, the Manor paid the County \$520,783 for services provided. These services included administration, data processing, printing and mailing, personnel functions, purchasing, and internal auditing functions. No payments were made during 2009.

(6) Estimated Third-Party Settlements

Estimated third-party settlements due to (from) Medicaid/Medicare as of December 31, 2009 and 2008 are summarized as follows:

	<u>2009</u>	<u>2008</u>
2009 case mix index changes	\$(1,691,461)	-
2008 case mix index changes	-	65,225
2002-2006 capital component overpayment	132,570	132,570
2004-2009 cash receipt assessment reconciliation	(204,410)	(164,068)
1994-2009 Medicare part B offset	247,705	275,141

	<u>\$ 50,798</u>	<u>1,875,262</u>

(7) Capital Lease Payable

The Manor has entered into a capital lease agreement for its Co-Generation Plant. Depreciation expense of these capital assets is included in the Manor's statements of revenue, expenses and changes in fund net assets. This agreement requires aggregate quarterly payments of \$120,657 at an imputed interest rate of 4.5% through September 14, 2012. A summary of the leased Co-Generation Plant at December 31, 2009 is as follows:

Building and improvements	\$ 3,750,403
Fixed equipment	<u>147,773</u>
	3,898,176
Less accumulated depreciation	(1,497,430)
	<u>\$ 2,400,746</u>

	Capital lease obligations	1,241,842	
Less current portion		<u>(434,002)</u>	
	Capital lease obligation, excluding current portion	\$ <u><u>807,840</u></u>	

(8) Pension Plan

The Pension Plan of the Manor is detailed as follows:

(a) Plan Description

The Manor participates in the New York State and Local Employees' Retirement System (ERS), and the Public Employees' Group Life Insurance Plan (the Systems). These are cost-sharing multiple-employer retirement systems. The Systems provide retirement benefits as well as death and disability benefits. Obligations of employers and employees to contribute and benefits to employees are governed by the New York State Retirement and Social Security Law (NYSRSSL). As set forth in the NYSRSSL, the Comptroller of the State of New York (Comptroller) serves as sole trustee and administrative head of the Systems. The Comptroller shall adopt and may amend rules and regulations for the administration and transaction of the business of the Systems and for the custody and control of their funds. The Systems issue a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the New York State Local Retirement Systems, 110 State Street, Albany, New York 12244.

SARATOGA COUNTY MAPLEWOOD MANOR
 (An Enterprise Fund of the County of Saratoga)
 Notes to Financial Statements, Continued

(8) Pension Plan, Continued

(b) Funding Policy

The systems are noncontributory except for employees who joined the New York State and Local Employees' Retirement System after July 27, 1976 who contribute 3% of their salary for the first ten years of membership. Under the authority of the NYSRSSL, the Comptroller shall certify annually the rates expressed as proportions of payroll of members, which shall be used in computing the contributions required to be made by employers to the pension accumulation fund.

The Manor is required to contribute at an actuarially determined rate. The required contributions for the current and two preceding years were as follows:

2009	\$ 931,642
2008	975,342
2007	<u>1,051,891</u>

The Manor's contributions that were made to the Systems were equal to 100 percent of the contributions required for each year.

(9) Postemployment Benefits

In addition to providing retirement benefits, the Manor provides certain health insurance benefits to retired employees and their families. Substantially all of the Manor's employees may become eligible for these benefits if they reach normal retirement age while working for the Manor. The cost to the Manor of providing health insurance benefits to retirees amounted to \$4,781,071 and \$4,185,148 for the years ended December 31, 2009 and 2008, respectively.

The Government Accounting Standard Board (GASB) has issued Statement No. 45, "Accounting and Financial Reporting by Employers for Postemployment Benefits other than Pensions" which requires the accrual of these liabilities. The Manor has implemented this statement as of January 1, 2007.

(a) Plan Description

The County of Saratoga (the County) provides a single-employer self-insured medical plan (the Plan) that offers two options of which the Manor is a participant. The Plan provides for continuation of medical insurance benefits for certain retirees and their spouses and can be amended by action of the County subject to the applicable collective bargaining and employment agreements. The Plan does not issue a stand-alone financial report since there are no assets legally segregated for the sole purpose of paying benefits under the Plan. Benefit provisions are established through negotiations between the County and the unions, representing employees, and are renegotiated at the end of each of the bargaining periods.

SARATOGA COUNTY MAPLEWOOD MANOR
 (An Enterprise Fund of the County of Saratoga)
 Notes to Financial Statements, Continued

(9) Postemployment Benefits, Continued

(b) Funding Policy

The obligation of the plan members, employers and other entities, including the Manor, are established by action of the County pursuant to applicable collective bargaining and employment agreements. The required contribution rates of the employer and the members varies depending on the applicable agreement. The employer currently contributes enough money to the plan to satisfy current obligations. The costs of administering the plan are paid by the County. For the years ended December 31, 2009 and 2008, the County contributed \$6,790,900 and \$6,304,720 to the plan, respectively. The Manor represented \$1,688,251 and \$1,582,337 of the total contribution to the plan in 2009 and 2008, respectively.

The County's policy is to fund the pay as you go insurance premiums in its governmental funds. In accordance with the cost sharing requirements of GASB Statement No. 45, the participating enterprise funds have applied the requirements of GASB Statement No. 24, "Accounting and Financial Reporting for Certain Grants and Other Financial Assistance," related to on-behalf payments for fringe benefits and salaries. This statement requires an employer (the enterprise funds) to recognize revenue equal to the amount of expense for the OPEB amounts associated with the enterprise funds.

(c) Accounting Policy

The accrual basis of accounting is used. The fair market value of assets is determined by the market value of assets paid by the willing buyer to a willing seller.

(d) Other Disclosure Information

The schedule of funding progress presents multiyear trend information that is useful in determining whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability. The projections of benefits are based on the types of benefits provided under the substantive plan at the time of the valuation date and on the pattern of cost-sharing between the employer and plan members. In addition, the projections do not explicitly incorporate the potential effects of legal or contractual funding limitation of the pattern of cost-sharing between the employer and plan members in the future. The actuarial calculations reflect a long-term perspective; actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets.

(e) Annual OPEB Cost at December 31, 2009 and 2008

	<u>2009</u>	<u>2008</u>
Annual required contribution (ARC)	\$ 6,602,023	5,834,874
Interest on net OPEB obligation	340,132	172,726
Adjustment to ARC	<u>(472,833)</u>	<u>(240,115)</u>
OPEB expense	\$ <u>6,469,322</u>	<u>5,767,485</u>

SARATOGA COUNTY MAPLEWOOD MANOR
(An Enterprise Fund of the County of Saratoga)
Notes to Financial Statements, Continued

(9) Postemployment Benefits, Continued

(f) Reconciliation of Net OPEB Obligation at December 31, 2009 and 2008

	<u>2009</u>	<u>2008</u>
Net OPEB obligation at the beginning of the year	\$ 8,503,299	4,318,151
OPEB expense	6,469,322	5,767,485
Net OPEB contributions made during the year	<u>(1,688,251)</u>	<u>(1,582,337)</u>
Net OPEB obligation at the end of the year	\$ <u>13,284,370</u>	<u>8,503,299</u>
Percentage of expense contributed	<u>26.1%</u>	<u>27.4%</u>

The County's total annual net OPEB obligation at December 31, 2009 and 2008 is calculated as follows:

	<u>2009</u>	<u>2008</u>
Net OPEB obligation at the beginning of the year	\$ 40,201,919	20,474,664
OPEB expense	29,018,089	26,031,975
Net OPEB contributions made during the year	<u>(6,790,700)</u>	<u>(6,304,720)</u>
Net obligation at the end of the year	\$ <u>62,429,308</u>	<u>40,201,919</u>
Percentage of expense contributed	<u>23.4%</u>	<u>24.2%</u>

(10) Concentrations

The majority of services provided by the Manor are paid for by New York State. The Manor, therefore, is highly dependent on the New York State health care reimbursement system.

The Manor grants credit without collateral to its residents, most of who are insured under third-party payors. The composition of receivables from patients and third-party payors is as follows:

	<u>2009</u>	<u>2008</u>
Medicaid	62%	66%
Medicare	7%	6%
Private pay	23%	16%
Insurance	7%	8%
Unbilled charges	<u>1%</u>	<u>4%</u>
	<u>100%</u>	<u>100%</u>

Financial instruments, which potentially subject the Manor to a concentration of credit risk, are cash accounts with major financial institutions in excess of FDIC insurance limits. These financial institutions have strong credit ratings and management believes that credit risk related to these accounts is minimal.

SARATOGA COUNTY MAPLEWOOD MANOR
(An Enterprise Fund of the County of Saratoga)
Notes to Financial Statements, Continued

(11) Inter-Governmental Transfers (IGT)

The Inter-Governmental Transfers (IGT) program provides Medical rate enhancement to all non-state operated publicly sponsored nursing facilities. Annual State legislation and the approval of the Inter-Governmental Transfer program by the facilities for Medicare and Medicaid Services (CMS) for this program are required, therefore, the availability timing and amount of this funding is not always available in the year the expenditures are incurred by the Manor and subsidies are made by the sponsoring government.

The New York State Department of Health, which administers the Medicaid program in New York State, has been notified by CMS that federal Inter-Governmental Transfer payment reimbursement was approved for the years 2009 and 2008 for the Manor. These amounts are recorded as nonoperating revenue on the accompanying statements of revenue, expenses and changes in fund net assets. In order to receive these funds, the County was required to provide a 50% local share of the total funds to be received by the Manor. Payment is made to the Manor upon remittance of the sponsor's local Medicaid share to New York State. Inter-Governmental Transfer revenue for the years ended December 31, 2009 and 2008 amounted to \$945,841 and \$10,087,134, respectively.

(12) Medical Malpractice Claims

The Manor was insured for medical malpractice claims under an occurrence based insurance policy during the years ended December 31, 2009 and 2008. There have been no claims, threatened or asserted, against the Manor that in the opinion of the Manor's management and legal counsel would be in excess of the policy's limits of coverage. The Manor's management intends on maintaining the policy in full force and effect and believes any claims asserted would be within the limits of the Manor's policy.

(13) Commitments and Contingencies

Commitments and contingencies at December 31, 2009 are as follows:

(a) Regulatory

The healthcare industry is a highly regulated environment that requires compliance with various Federal, state and local laws and regulations, including contractual and participation agreements with third party payors. The Manor is subject to compliance with these and other requirements in the normal course of the Manor's operation. Recent increases in surveillance and enforcement by regulators has resulted in the imposition of fines and penalties to health care providers. Compliance with these laws and regulations is subject to future review, interpretation and actions by government regulatory agencies, the impact of which are unknown and unasserted.

SARATOGA COUNTY MAPLEWOOD MANOR
 (An Enterprise Fund of the County of Saratoga)
 Notes to Financial Statements, Continued

(13) Commitments and Contingencies, Continued

(b) Self Insurance Plans

The Manor participates in a self-insurance plan sponsored by the County for disability insurance. The County accounts for this plan on an estimated claim basis in a separate special revenue fund, which is included in the County's combined financial statements. The County is responsible for the administration of the plan. The Manor's disability insurance expense for the years ended December 31, 2009 and 2008 amounted to \$26,301 and \$28,644 respectively.

The Manor participates in a self-insurance plan sponsored by the County for workers' compensation under Local Law No. 1 and 2, 1956, pursuant to Article 5 of the Workers' Compensation Law. The plan is open to any municipality for participation. The County is responsible for the administration of the plan and it reserves and accounts for this plan in a separate special revenue fund, which is included in the County's combined financial statements. Contributions are based on an estimated claim basis with excess contributions transferred to the reserve at the end of the fiscal year. Additionally, the County has commercial insurance for claims in excess of \$1,000,000 (each occurrence). The Manor's workers' compensation expense for the years ended December 31, 2009 and 2008 amounted to \$293,358 and \$292,943 respectively.

The Manor currently uses reimbursement financing rather than paying contributions under the regular experience rating provisions of New York State Unemployment Insurance Law. Under this method, the Manor is liable to New York State for payments of amounts equal to the benefits paid to its claimants. The Manor's unemployment expense for the years ended December 31, 2009 and 2008 amounted to \$31,152 and \$32,407, respectively.

(c) Co-Generation Plant Technical Support

The Manor has a Technical Support Program (the Program) for its Co-Generation Plant. The Program requires annual payments through 2012. The initial payment of \$55,953 was made during 2003. Additional payments increase by 4% per year. For the years ended December 31, 2009 and 2008, the payments for the Program amounted to \$70,798 and \$68,075, respectively.

Future scheduled payments under the terms of the agreement for years following December 31, 2009 are as follows:

2010	\$ 73,630
2011	76,576
2012	<u>79,639</u>
	<u>\$ 229,845</u>

SARATOGA COUNTY MAPLEWOOD MANOR
(An Enterprise Fund of the County of Saratoga)
Notes to Financial Statements, Continued

(13) Commitments and Contingencies, Continued

(d) Co-Generation Plant

The Manor was audited by the New York State Office of Medicaid Inspector General (OMIG) in October 2007. The scope of the audit was the Capital Component of the Manor's Medicaid rate for the years December 1, 2002 through December 31, 2006. OMIG is seeking recoupment of past and future Medicaid reimbursement for the cost of a Co-Generation Plant installed in the Manor in 2002. The County has retained counsel as most of the disallowance pertains to the Co-Generation Plant for which the Manor had a Certificate of Need approval. Management of the County and the Manor believe that many of the disallowances will be found erroneous. The Manor has accrued a \$1,566,394 liability on the balance sheets because OMIG notified the Manor that they would recoup the liability. On May 20, 2009, OMIG rescinded its draft report dated November 21, 2008 and the final audit report dated March 4, 2009 and conducted further review of the findings contained in the reports. On December 31, 2009, OMIG issued a new draft report, which was substantially the same as the original draft report dated November 21, 2008. Management of the County and the Manor still believe that many of the disallowances will still be found erroneous and will vigorously consent the audit findings.
